SCHLOSSWIESE MOOSBURG

Since 2017 our „green“ location Schlosswiese - Moosburg is one of the most unique concert venues you might find in the south! Within a short amount of time the Schlosswiese is already established in the Alpe-Adria region. The extraordinary concert area in the small town called Moosburg already hosted numerous stars like Zucchero, Nena, OneRepublic, Status Quo, Mark Forster and many more. Those were very enthusiastic about one of the most inimitable open air locations the alpe adria region has to offer.

BURGARENA FINKENSTEIN

In 2020 the Burgruine Finkenstein was acquired by Thomas Seitlinger and Dr. Knud Klingler. As a cultural flagship of Austria the Burgarena Finkenstein is attraction point for tourists during the whole summer season. The former owner Gerhard Satran has handed over the family heritage into faithful and value-preserving hands. The new owners want to renovate and reconstruct the Burgarena Finkenstein. Together with Thomas Semmler the owners worked 2022 successfully on a concept that meets the standards of the guests in regards to sustainability and culinary.

PLANNING & FUTURE

We plan on a longterm basis. Never the less we are flexible too! If your act might be too small for now we are more than happy to work on alternative solutions. For example the Burgarena Finkenstein might be the exact right location to begin with. This could be the starting point. If the artists level of awareness rises then there might be the possibility to play at Schlosswiese-Moosburg next time.
